

DECK STOR-A-WAY

You'll wonder how you ever did without this new, non-corrosive storage unit. Specially designed for pool environments and equipment, the Deck Stor-A-Way has self-draining shelves, is fully ventilated and may be easily rolled to different locations with its four locking casters. Safely fill your Deck Stor-A-Way with kick boards, pull buoys, water polo basketballs and much more! Constructed of high impact ABS plastic that's fade resistant, this storage cabinet features a reinforced fiberglass base for additional strength. Non-rusting hardware, lockable full height door and attractive blue exterior make the Deck Stor-A-Way a must for all aquatic facilities.
