

Large Safety Island

The Large Safety Island is 60"Long x 59"Wide and is excellent for a class situation. There are two height levels available by tuning the island over. One height level can be used for sitting adults, and one for standing children. Size of the platform is 60 inches by 30 inches and can be custom built for 3 foot, 4 foot, or 5 foot water levels. This item is portable, and can be placed in, or taken out of the pool very easily. To be used under competent supervision.
